

Canvass Changes

Existing Canvass system is outdated

More Secure

More secure: fewer login prompts

Security updates to WisVote will automatically apply to Canvass

Easier to Use

Canvass now part of WisVote elections

Improved interface highlights unsaved changes and where data is being entered

Canvass Changes

What's not changing?

Uploading results still supported

Reports still available, now in WisVote

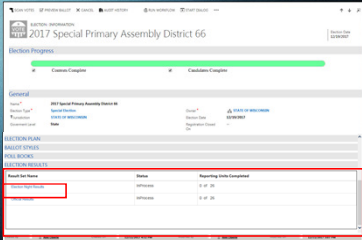

Only required for official state/federal contest results

WisVote Integration

New name:
Canvass becomes:
Election Results

Access directly through the election

Separate Result Sets for Election Night, Official Results & Recounts

Election Night Results

Access through the Election – Canvass tile will be removed from Easy Navigate menu

Data entry improvements

Election Night Results

Counties are required to post election night results to the County website, you are not required to use WisVote

Result sets will not become available in WisVote until Election day –
No entering Zero-population wards before the election!

Municipalities will be able to use the Election Night Result Set

[illegible]

Recount

Will be a separate result set, located in Election Results

One result set for each contest under recount

No preview currently available

When & How

Anticipated launch early Spring 2018

Live for use with 2018 Spring Election (April 3rd)

No phased roll-out

Available to all WisVote users at launch

When & How

Existing Canvass Data will be retained and archived

Existing Canvass system will no longer be accessible once WisVote version goes live

When & How

Training

 Learning Center

Training materials/videos available before/at launch

 FAQs
Current Issues
